

## **AAMSI ANNOUNCES THE PROMOTION OF ABDEL DOMINGUEZ TO THE NEWLY CREATED POSITION OF VICE PRESIDENT – OPERATIONS**

April 21, 2022

FORT LAUDERDALE, Fla – Associated Aircraft Manufacturing & Sales, Inc “AAMSI” recently announced the promotion of Abdel Dominguez to the newly created position of Vice President – Operations effective March 28, 2022.

In his new role, Dominguez will have continued responsibility for AAMSI’s Electronic Manufacturing & Repair (EMR) businesses while assuming direct oversight for AAMSI’s Hydraulic Repair business, Quality Control and warehouse operations.

Dominguez has spent the last 30 years in the Aerospace Industry in a variety of companies and positions. He joined AAMSI five years ago from Thales Avionics where he held a number of increasingly important roles while serving as Lead Engineer, Engineering Manager and finally, Director of Engineering-Americas. He holds a bachelor’s degree in Aerospace, Aeronautical and Astronautical Engineering from Syracuse University and he is a Certified Six Sigma Black Belt.

### **About AAMSI**

Established in 1953, AAMSI (Associated Aircraft Manufacturing & Sales, Inc.) is a Small Business that has built a strong reputation within the global Aerospace and Defense Aviation Industries with its engineering, aerospace manufacturing, repair and logistics expertise for military avionics and airframe structural components. AAMSI is an established leader in the global market for IFF (Identification Friend or Foe) systems

AAMSI is licensed by the Boeing Co. to manufacture thousands of structural airframe parts used on F-15, F/A-18 and CH-47 platforms.

AAMSI is also licensed by Northrop Grumman Corporation to design, manufacture and/or repair numerous legacy electronic systems across a wide variety of military platforms. AAMSI also provides cables, boards, boxes, electronics design, manufacturing and repair of aerospace components and systems.

AAMSI has been a U.S. Department of Defense (DoD) Contractor since the mid-1970s and is registered with the U.S. Government’s Business Partner Network and the Central Contractor Registration under CAGE Code 56540. The Company is also certified to AS9001D and AS9110C and are fully ITAR/EAR Compliant.
